President's Corner

Sigi Psimenos

It's summertime! I hope everyone has the opportunity to take some time off! On that note, we'll keep this issue of the Voter short and sweet.

In League,

Sigi

Federal Education Study Committees Now Forming

Laurel Bault

If the federal role in public education is on your interest radar – now is the time to join one or both of the study committees! LWVEA will be joining with the League of Central Kane County to complete this timely and critical consensus process. The Education Study scope focuses on public education from preK through grade 12, with a focus on (sub-committee 1) **Common Core Standards**, and (sub-committee 2) **Funding and Equity Issues**.

While the complete timeline and committee meeting schedule has not yet been finalized, the consensus must be approved by our board at the November 16, 2011 meeting to meet the submission date set by LWVUS.

On October 19, 2011, 7 p.m. at Batavia Library, Batavia, IL – Ralph Martire from the Center for Tax and Budget Accountability will be presenting on the funding issue for all interested, so mark your calendar now.

To join one of the two committees (or both) please contact **Laurel Bault** – EA Study Chair via e-mail at laurelbault@yahoo.com. Please title your e-mail as **LWV Education Study**. To access the study guides and background papers on standards and funding issues, [click here](#) or search for education study on the homepage of lwvus.org.

LWVEA Co-Sponsors Kids Count Symposium in October

Laurel Bault

The 2011 Illinois Kids Count data book, published by [Voices for Illinois Children](#), looks at the many factors that prepare children to have the greatest opportunities for learning in school. By the end of third grade, children should be ready to make the shift from “learning to read” to “reading to learn” – a critical building block for continued success. Much goes into preparing children for this transition, from high-quality early learning opportunities to good health to supportive families and communities. The **Kids Count Symposium** will provide the opportunity for attendees from Suburban Cook, DuPage and Kane Counties to hear leading experts discuss the importance of the years from birth to 8 and how these years impact life-long learning. Because the League of Women Voters and public policy are key components to healthy families and communities, our board voted to become a co-sponsor of this event. Please mark your calendars:
